**Other Notes and Tips:**

*Each night 8U-12U players should tryout at the location they would prefer to practice/play at with one exception as noted for the 2008 Girls*

*14U-19U tryout locations do NOT mean that's where practices will be held during the season. We would like all boys players and all girls players trying out at the same location, so that the most appropriate team placements can be given. Practice locations will be determined during tryouts based on a variety of factors and will be communicated to players when offered a spot on a team*

*Players should arrive at least 15 minutes prior to the published start time*

*All players should plan to work hard and enjoy being around other players of comparable ability and desire!*

**Bring ample water!!**

**Bring an inflated soccer ball and shin guards!!**

**Nightly Color Scheme:**

**Night 1: Players should wear a Red shirt**  
**Night 2: Players should wear a Black shirt**  
**Night 3: Players should wear a Red shirt**  
**Night 4 (if applicable): Players should wear a Black shirt**
